I Resign

Strong language appears below which may offend some readers. This post will disappear early next week

In chess, when your opponent has you cornered and check mate is inevitable, you can play the game out or you can resign.

The business people have won. Hypnosis is back in business. Alien abduction is back in business. The ETH is back in business via the usage of psychedelic drugs. Check mate. Whether it is all an infantile, penis envious mockery of 1960s CIA Mind Control practices is of course a matter for debate. It took me a while to get the punch line.

What a laugh.

I congratulate David Jacobs on his victory. I look forward to his book. It no doubt will sell millions. I guess we'll never know how many of your clients, "Doctor", suffered from MPD and were treated for it. And who it was that treated them. One of your Temple friends, I imagine. Job well done. I'm sure you'll soon have one of the microphones interview you shortly whereupon you, being the expert in creating mass hysteria that you are, will reiterate—THE THREAT!

The microphones are going to suggest this blog's hit totals were due to their loud-mouthed influence.

What blog is that, brothers?

How many rage fests have we heard from them claiming the center of the Universe of everything funnels through their Skype connection? They copyrighted the truth. They own it. Anyone who questions it gets banned. Period. They learned that from "P.T. Bamum." He not only bans speech he takes down internet connections. He looks up IP addresses and geolocates the culprits. He's the new Number Two.

I can just see Bamum now.

"Where am I?" the Forum Sucker asks.

"You're in the Paracast," an ominous voice sings.

"What do you want?" the Forum Sucker asks.

"Information." Bamum bellows in his computer enhanced voice.

"Well you won't get it," complains the Sucker.

By hook or by crook, Bamum says, we will.

These are liberals? I don't remember many liberals extolling the virtues of banning speech.

The Paranormal Community is a slightly Americanized version of *The Village*. Villagers are taught helplessness. In fact, that is why the program in which this idea was conveyed was called *The Prisoner*. Villagers are in actuality "prisoners." They are not allowed to think. They are not allowed to complain. A businessman called "The General" delivers mind-control lectures, a 1960s mindfuck version of the paranormal podcast.

Who is Number One?

Well, that would be telling, wouldn't it? A recent attempted rehash of *The Prisoner*, not entirely successful, theorized that *THERE IS NO NUMBER ONE*. This lines up with what Parapsychologists call an external locus of control. Villagers are

completely other-directed. They can't think anything or say anything without permission from Number Two.

The villagers in the "Community", rapidly becoming a cult of helplessness, can't think anything or say anything, even if it is the truth, without permission from the Microphones. And if you want permission, you have to pay them for it.

Villagers believe the lies the Mikes tell them. They invert everything. Hallucinations are real. The truth is being withheld from them and not being told to them. There are evil controllers in the sky abducting them. These are alien abductions and not projected dream-enacted psychoses or chemical-imbalance born hallucinations.

They don't have to provide proof. They won't do lab tests. They won't get X-Rays. They won't do sleep studies. They never submit conclusive proof. Such as an alien being or a flying saucer. That's another inversion. Only subjective evidence is required.

Sure, humans could be abducting humans. The abductees here are humans of Arab descent. Sprinkle a little *yankee doodle dandy* over it and you've got the sheep going in the right direction.

I actually was surprised somebody from the Alien Abduction Corporate body didn't whistle a little Yankee Doodle Dandy, sing a verse entitled "I did it for my country" and the coming fake alien war that will bag the defense industry millions. What's a few mindfuck victims in the face of a trillion dollar defense industry windfall—and, you give the lazy underclass a sense of purpose. That would make paranormal radio the new *March of Time*. Johnny comes marching us all home again to war, perpetual war, blissful war.

That's all fiction but fiction is what the Villagers want. Fuck the truth.

That's sort of the reason to do psychedelic drugs. It is the same reason most addicts do drugs. The Psychedelian has a deep, fundamental *HATRED* of reality as-it-is, of consciousness as-it-is. He prefers his hallucinations. He loves them so much *THEY'RE REALITY* to him. It is a form of choking the chicken of consciousness. It is a biochemical self-absorption that masturbates the brain.

Villagers are easily herded. See also weapons of mass destruction.

Is Paranormal Media then just one big mindfuck? Hypnosis mindfucks and psychedelic mindfucks and banned data—I mean, it sure looks it.

If so, *WHO IS NUMBER ONE?*

The Second Prisoner, note that it is an American version, *institutionalizes helplessness* and our hero Number Six never escapes. The original version of the program is better and not just because it was done in the UK, but that is part of it.

Number Six escapes. Why?

He asks the fat man, *WHO IS NUMBER ONE?*

The Fatman says: *You are*, Number Six.

This blog isn't owned by the Mikes. They don't hold the copyright on it. I remembered that watching the American *Prisoner* last night. That's why I can take it down. That way they can't claim credit for it, which they're going to do. I mean, that's what they've done to everybody else. I'm no different. These guys are responsible, miraculously, for every third insight that emerges from the human continuum.

Somebody says they're going to do psychedelic drugs and they've got a rage problem that blows its stack in public time and again is *NOT going to have a bad trip? If you can see a bad trip coming from a mile away you tell the tripper what he's in for. And if he thinks he's being fucked yet again by parasites there is nothing you can do but sit back and wait for the obituary.*

I'm not going to kiss somebody's ass when he's flirting with fucking up his life. It's his right. Everyone has an absolute right to fuck their lives up. They don't have the right to fuck up anybody else's. Implying an acid trip will conclusively prove the existence of alien beings will do in some cases precisely that.

Let's get back to the story.

Who is Number One? The Fatman says: You are, Number Six. Not coincidentally, Six escapes. Once Six realized he was in control he was free.

We can't have this in America. We have to have sheeple here. That's why *our* Six became the New Number Two. If the Second Prisoner had any utility it was in showing the world America's true face.

We've Fox Newsed ourselves into wars we can't pay for and we've FOX Newsed ourselves into faith in extraterrestrials.

We don't do free here anymore. No free thought. No economic freedom. No free press.

But most especially, *NO FREE MINDS*.

That's a Wrap

In order to make sure the line stays drawn in the sand certain steps have to be taken.

On September 9th, 2011, *Speculative Realms* will be taken down. Anyone interested in any of the posts should archive them before that date. After that date, any links to the blog will be dead.

The links in the posts themselves should work whether archived as PDFs, word documents, or saved as webpages.

In a week or so, the blog will be set to show the most popular posts. It will be left that way until shortly before the site is taken down.

My thanks for your readership. Good luck in the future and my best wishes to you.
